the p tag defines a paragraph .Browsers automatically add a single block line before and after p element.

---

The br tag inserts a single line break.the  
tag is useful for writting adress or poems.The  
tag is an empty tag whih means that it has no end tag.

The blockquote tags specefies a section that is quoted from another source.Browsers usually  
indent blockquote elements

This is preformatted text.It preserves spaces & line breaks
